“ *Grandma was such a special person we'll never forget. Her memory lives on in the baking, cooking, sewing, and crafting talents she has passed on to mom and me. Now we'll pass those onto Chandler and Stella so that she will continue to live on. Every time we make 'Grandma Steinkamp's pancakes' we remember how she touched everyone she met. We miss and love you Grandma.##imported-begin##Amy, Scott, Chandler and Stella Duell##imported-end##*

“ So sorry to hear about Aunt Louise. Linda had kept me and Mom updated when she went to visit at Bell Oaks. I remember Aunt Louise being my house mother when I went to 4-H camp. I must have been 9 or 10. I knew what ever I did was going to get back to Mom. So, I was real good that week.

I am working Thurs and can't come to the memorial. But you all will be in my prayers. Jo Ann##imported-begin##Jo Ann Sisco-Carey##imported-end##

“ For Bobbi and Charlie:

I remember your mom as a real sweetheart with a lot of patience... I was in the "city" girl in her Perry Maids, and think of her every time I bake... she was a great teacher. Have memories of only fun times at the meetings at your home in the country. My brothers also reminisce about the fun times they had camping out with the Boy Scouts in "Steinkamp's Woods." I'm sorry for your loss, and I won't forget her!!##imported-begin##Melanie Moore##imported-end##
