“ When I think of my best memories of my grandmother I think of when I was little and her and grandpa took me camping with them to Lincoln State park. I think about being with my mom when I was little and going to pick her up to go shopping or to craft shows. I think about a FULL house at Christmas and Thanksgiving. And I'm so very thankful for the many years of picking Grandma up to go out for lunch on Sunday afternoons after church. Those lunch's allowed my kids to develop a special relationship with her that they would have never had. I could go on and on about my grandma's love for all her kids and grandkids. And I could tell you about some of her stubborn ways too, but I will tuck them away for another day when we need a good laugh or thought of of how beautiful of a person Betty was to us all. There aren't many who can say they got to spend 46 years with their Grandma. I know I will see you again, but not too soon Grandma I got two kiddos that need their Dad. Give my Mom and Uncle a hug for me and especially Grandpa. I'd give anything to spend another afternoon in his workshop with him.

With all my love

Ryan
