Although I did not get to see Brenda as much as I would have liked she was definitely an inspiration to me!! As a member of Labor of Love ❤️ she was always there offering a helping with whatever task needed to be done. She was in the kitchen and never without pounds of her delicious peanut butter fudge (and I don't like peanut butter fudge or candy 😊). She was there with a rake or paint brush or maybe on a day when she just needed to sit she would share a cheery message with those that we were there to help!! She and Renda Acton (now gone as well) and my Son-in-law Tony Catanzaro (before he married our daughter) drove all over the country laughing their way to many LOL events! They shared some Really funny, wonderful experiences. I know Tony will always treasure them!! Her dedication to serve from the beginning of her life until the very end is an inspiration to so many she will be missed, I loved her so very much!! I know you will be fighting for all us Brenda on the other side of the veil!! Well done thou good and faithful servant! 🙏📖😊

“ Oh my dear friend have so many memories. I met Brenda 36 years ago She was a consultant of mine in Beauticontrol & became a Director. We had so many trips together with all kinds of funny & great experiences!! Many meetings and get togethers in her Great room in her home. Even one in 2006 for my beloved son Jeff. She had such a great heart. She spoke at his funeral and had a beautiful plaque made for him & us. Before her treatments began, she came for dinner & spent the night with me & my new little dog I got after my husband Wyndall had passed. Brenda went with me to the rescue centers to find me a pet. Brenda said, she is saying "Take me home, take me home." So, I brought my new little Chiweenie home. When Brenda spent the night, Wyndy slept with her & it just tickled Brenda!! When Brenda found the knot, she called me, when she found out it was stage 3 cancer. She said to me, "I am going to be just like Judy Day!!" That is haunting me, since I had stage 4 cancer & am in remission, and Brenda had stage 3 and died! She had told me that several times!! And it keeps going over and over in my mind. I feel the radiation killed her! Oh how I wish she would have had my doctor Ahmed!! I will grieve for her for a very long time. I have to admit, when I saw the pain she was in even being on Morphine, Ativan & another pain killer, I told everyone to pray for her to be taken out of his agony! She lived a day & a half & passed. I know Brenda was not afraid to die. John her husband had told me when I was grieving over our son's death, "Judy, he would not come back even if he could, it is so beautiful there." (She helped me with my husband & the death of our son & husband). I remembered that so many times. I loved both Brenda & John. I will surely miss her. My prayers are with all of her family & they have my deepest sympathy. .

“ I will never forget Brenda. I remember meeting her the first time at the Second Amendment Patriots meetings in Evansville in 2008. She was the first person to say hello to me and we have been friends ever since. She also made the best Peanut Butter Fudge ever. Even tho i moved to Israel we kept in touch online. I will never forget you my favorite patriot and friend.

“ Brenda was a great customer of ours. She had told us many stories and was full of character. I gave her the title of the biggest Trump supporter in the U.S. last year when I seen her last. It was great knowing her, rest easy Miss Brenda. From Dan and Lindsey at D&L Auto Detail
