“ I believe I first met Charley at a Lafayette meeting of the Electrical Inspectors.
He reminded me of a Southern Gentleman, slight drawl, and whimsical smile.
He was a credit to the profession and his timely advice will be missed.##imported-begin##Herbert W. Craig##imported-end##

“ Of all the people I have known in my life, none fit the description of "a good man" better than Charlie Weber. Family, friends, work, community--he didn't sleight. It was my good luck to fall in with Charlie almost a half century ago at a time when we were both trying to figure out what we were going to be when we grew up. It is no shame to admit he did a much better of that than I did...than most all did. Charley is loved and missed by his many lifelong friends. But he is always going to be front and center in our memories of the really great times we got to share with him. And they were really great times. Godspeed Charley. Try to scout us out another Risin' Sun.

“ Charlie has been a leading member of the Indiana Chapter of the International Association of Electrical Inspectors for longer than I can remember. He service on the Board of Directors and on many of the standing commmittees has been considered invaluable by all. He will be remembered as an ardent educator, a good friend and a diligent student of the code. Our meetings will be something less without him. Farewell my friend.##imported-begin##David R.
