“ *We were so very sorry to hear of Frank's passing. He tutored our son, Aaron, in math during his high school years, and Aaron was able to test out of the beginning math required by IU at the time. He was able to perform well at IU in his math classes because of Frank's wonderful way of teaching. We were out of town at the time of the funeral or we would have all been there to pay our respects for a fine, gentle man. You all are in our thoughts and prayers.*

Respectfully,

“ We went to church with Frank for many years. He was very strong in his faith. He did so much for the church, served on the board of directors for ten years, and was always there when we needed him. We grew very fond of Frank and we'll truly miss him.

“ So sorry to hear of Frank's passing. I got to know Frank when he volunteered to help me when I was closing down Evansville Brewing and eventually putting the company through a bankruptcy. Our controller had resigned and the company was in no position to hire a replacement when Frank came to me and volunteered his help. His help was greatly appreciated.

Sincerely.
