“ George was a good friend and teacher. I went to work at Wilkie Engineering in 1980 and over the ten years of working with George he taught me innumerable skills in the field of drafting. George issued an open invitation for myself and my sons to go fishing on his lake any time we wished. My two sons are now 20 and 18 but we all have great memories of our outings at the lake and I will always be grateful for those memories which George helped to create by means of his generosity.

My condolences on the loss of a great man....he will truly be missed.

Sincerely
