

George Hank Knaepple III

July 5, 1961 - August 11, 2018

GHK III, was an active member of many “tribes” and communities. He was a musician, master percussionist, light show designer, electronic wizard, pottery drum maker, and all around creative entertainer.

Hank had the unique ability to fabricate anything necessary to fix a problem.

He was a Ham radio enthusiast; and he cared deeply for all his friends and family worldwide.

Loving husband, brother to so many, devoted to his two stepdaughters and four precious granddaughters.

Known as the “Merry Hankster”, he will always be remembered for his imaginative innovations and supportive love for all who crossed his path.

On the last day of this month, Friday, August 31, 2018, we will have a memorial luncheon gathering to remember Hank. It will be held at his favorite food establishment, El Rio Mexican restaurant in Evansville, IN from 11:00 AM until 1:00 PM. This will be a self pay meal in place of gifts or flowers.

Everyone is encouraged to write a short upbeat letter to Hank. Those who wish may share their remembrances of our gentle giant.
