“ “Jackie” spent a few days with us at Christmas well into my teen age years, the highlight of my life. We had so many adventures, the most memorable to me was the year he taught me how to ride his Whizzer, a motorized bicycle. He was at my wedding as we were at his. The last time I saw Jack was at a Mills’ family reunion around 1974 where we went on our last adventure, Jack had seen a Willy’s automobile parked in a yard and we went on a quest to acquire it to no avail.

We have tried to contact him these past years but no one in our family knew how to contact him and searches turned up nothing. It is to my sorrow that a search found his obituary. Jack was more than just a cousin to me, he was my friend and mentor, he is truly loved and missed!

“ *Jack will be deeply missed by us and our employees! Jack stopped in regularly to chat and spread some cheer and talk cars. He was always friendly and had a smile and loved to tease our staff. We will so miss his smiling face and talking about his next car or bike "project." He was a true car guy. Our condolences to his family; know he was loved by tons and tons of people.*

“ *To Ole Jack's family,*

Prayers and deepest condolences on your loss. I am deeply saddened on hearing this news. Jack was a family friend my entire life as my Mom worked with him at Sears for 25 of his 36 years there, and had repaired mowers for me since his "retirement". He always made me smile, and never failed to ask about my mom when I saw him. I will forever look for him at the Lost and Found at the Fall Fest as that is where I knew I would find him every year.

May you find comfort in your blessed memories of him, and know that he was so very loved by so many people.
