“ As a paninnlg commissioner and member of the biomass power plant subcommittee, I worked with Jere and I found him to be a gentleman and a community builder with a wide circle of friends and associates, a valuable voice of reason with a mildly self effacing sense of humor, who will be missed greatly. He often brought keen insights to a discussion, was a great meeting facilitator, and always added appropriate humor to any discussion. I'll definitely miss the man and his influence, R.I.P. Jere. To his family and friends I extend my Heartfelt condolences and hope that time, along with the love and support of your friends and the rest of our wonderful community will help to fill some of the void left by Jere's untimely passing.##imported-begin##Gaus##imported-end##
