Such class you have. If you cared about Jim you wouldn't act this way. Jim was a wonderful man with a complicated life with a lot of ups and downs. He would not want everyone acting this way. If you have your memories with him and if they were that great and you had a so called bond then remember that. The world doesn't need to know about it. Everyone who has posted negative stuff on here or talked about how anything was posted should be ashamed. This is not the place for this. Jim loved his family and friends and if you were one of them you know who you are and just go on living your life and mourning your loss. Cause I loved Jim with all my heart he was a great man and would take the shirt off his back to help anyone. You Jim will be sorely missed. I hope you and dad are up there having a good time. Till we see you again. Love always

Jim you will forever be in our hearts..Raegan still remembers you always calling her sissy and she always asks when she can call you and come and see you...Dawn is a wonderful person and would do anything for anyone. In fact her whole family is that way.. Jim we will always love you and know that you are up there watching over all of us.. We will all make sure Dawn and the girls are taken care of.. May you rest in peace.

“Deep Fried” became my shift leader when they did away with 5 team in chemops. As an ignorant “pellet head” comin from Bldg. 13 I can only imagine what Jimmy thought of dis dumb ass Finishing guy. I appreciated his patience towards me and the knowledge of the plant he shared with me. Outside of work we also had some fun times. Of the little I knew of Jimmy I believe that he loved and lived life to the fullest and that is all any of us can hope for.

“ RIP my long time friend. I will always treasure the memories of times we shared together. Our washer games and fishing, hunting, boating, you taught me how to water ski. I met you in 1982 while we both were working at GE. The world is a worse place with out you. Thanks for everything buddy.
