“ I absolutely loved John. I always made him Pancakes When I worked and I told him jokes. He was the first person I would see every morning when I'd get to work in the Legacy Unit and he would smile at me and say “ there's my girl”. He will be greatly missed. I'll never make another pancake that I won't think of him. Prayers to the family and to all those who love him. John was definitely a special person and touched the hearts of many.

I'm sure John and Warren are sharing some untold stories about all the rabbits they shot with the help the John's dogs. Warren always rewarded the dogs with the finest beef treats. Those two can share the stories that we never heard of, about the rabbit that got away!

One of a kind, for sure. We have many great memories of John & Tom coaching the girl's softball teams, especially when they won the league that both of there daughters played on. Thanks John, for all of your work with the kids.

“ *My favorite memory was visiting Uncle John's garden in the summer and my mom and dad bringing home sacks of fresh produce. Uncle John was so proud of his garden...the rows were straight and the weeds were always pulled!*
