“ *If I had known the last time I saw you was going to be the last time I'd see you... I'd have hugged you tight! You always think there's time and that people know how you feel. It was a joy to work with you... Even on the worst of days we always found something to laugh about. I will never think of my days at Hagedorns without thinking of you. May you rest in peace and know that you will be missed!*
