“ *We were privileged to get to know Larry and his family. Like everyone else, we were made to feel like members of the family. Larry was such a positive individual who made us want to be better human beings. We loved spending time with Larry, Ceasar, and their family as they prepared for a pull and competed with their friends.*

Larry made such a positive impact on so many people's lives. We especially admire his partnership with Make-A-Wish.

Larry will be sorely missed by us and so many others. Rest in peace dear friend. Our love and deepest condolences to Ceasar and the family.

“ Though I was only able to meet Larry a few times I was always in awe and amazement to see what Larry went through and what he had all done, including all of the Make-a-wish support. Larry was someone who was loved by many. Though his life had its tribulations he persevered to inspire and help so many. He was more than just one of the good ones. He will truly be missed.

“ Larry and I have known each other for many years. We worked together in the trucking industry. I considered our relationship much more than a working relationship. He was a great friend. We had many talks about trucking, farming, politics, crazy weather, family and his love of pulling tractors. I enjoyed hearing his stories and all the amazing things he has done in his life. He impacted me in a positive way. He showed me that there are no limits to what a person can do. To know him was an honor. The world needs more Larry's!! Rest In Peace friend.

“ *Larry, along with some of his sisters, used to baby sit myself along with my brothers and sisters. I will never forget that I was so grateful for him teaching me how to talk like Donald Duck when I was quite young. I occasionally talk it to my grandchildren today. They laugh and are in awe when I do it. Simply put, Larry taught me something for others to enjoy and laugh at. He has touched many people in ways that may never be realized. I was fortunate to have many enjoyable memories of working with Larry picking up straw and hay, playing Double I league baseball with him and simply being around him at times. My sincere condolences to the entire family. Gary (Wheats) Schapker*

At a game at the St. Wendel ballpark, they brought him in to pitch the ninth inning. I quickly found a seat behind homeplate and watched him strike out the side throwing just nine pitches, nine perfect strikes. Several years ago I asked him if they had clocked him with a radar gun at the school in Florida and he said "Yes, at 101 mph". My sincere sympathies to his family. Mel (Butch) Fehrenbacher*

One of the best memories I have of Larry is a time several years ago when he got away from Tomah for a few minutes to join the Lenzini & O'Rourke families & friends for food and fun at Tim O'Rourke's farm. Larry was a wonderful person that inspired many people; Larry was always surrounded by his wonderful family and a big pulling family in addition to that.

I met Larry and family going to the TNT pulls indoor and outdoor many years ago when I would go to the pulls with the Varner Bros. taking their 2wd and 4wd trucks to the same pulls.

Larry always had a smile on his face and made the most out of life.

Larry always had time to answer a question and interact with the kids. I remember one year at Fort Recovery he was cutting tires and I noticed something on the tread and I asked Larry what it was?
