“ *Larry, I've searched for you many times over the past 50 years. Remembering you on your birthday today, as every year, I sadly found this. You've been blessed with loving children and grandchildren, a large family you always spoke of having. I offer my condolences to each and every one of them for their loss.*

*To you, Larry...
Gates of memories will never close...
How much I miss you no one knows...
Days have passed away into years...
And I think about those memories with silent tears.
....in my heart, in my thoughts...Love, Jean*

“ Dad on the eve of your birth. I want you to know I miss you terribly and I know your watching over all of us. But it doesn't change the fact you were taken from us way to soon. I miss calling you and talking to you and your advice and your voice. Dad you once told me your kids were a blessing to you and I want say you were the blessing to us. I Love You Dad. Your Loving Daughter Crystal. ##imported-begin##crystal##imported-end##

“ Dad, I often find myself asking you why did you leave me because you know I needed you. I don't have anyone to talk to. No one understands me. And no one listens. I really miss you. I love you. And I hate it that I can't shake your hand to see how much stronger you are than me. I wish you could've seen my kids. You surely would've loved them more than the others. I have my own son now. Love you Dad. ##imported-begin##Joshua Wade##imported-end##
