“ To Jason,

*I am saddened in hearing of the passing of your father. Mark worked with me and our companies for many years and was not only a very valued employee but also a friend, holding a special place in my heart. I still have an old "baby" wicker chair from my early childhood that he rescued from our lake home. He did a surprise restoration on it and surprised me with it. The chair traveled with us to FL when we moved. Our grandkids use it often, and consequently I have been reminded of him frequently.*

*You and your family have our deepest sympathies. I recently heard that Mark's last years have been difficult. He is in heaven now, digging, building or fixing things, and smiling. Ali and I have your family in our thoughts and prayers.*

*With our deepest condolences,  
Greg and Ali Goebel
