“ I am a 1964 graduate of the PDH School of Nursing as was Mary. To this day we are known to be th best nurses! I had the pleasure of working with Mary and learning from her when I became a part of the ER "team" as a new graduate in 1964. Forever I will say that was the best group I ever worked with over the past 47 years. We had fun, but, we worked hard and so well together that we didn't even have to talk to each other sometimes in giving the care that was needed...we just knew what had to be done. Mary was definitely a mentor for me in that early time when I was "scared to death" in many new experiences. I am thankful I had the privilege of that time with her and the many memories of the "good old days" in Deaconess ER! She will always remain in my thoughts.
