“ I'm heartbroken to have heard this news. Mike came out and visited Andy and I a couple of years ago here in CO. He was a great person and lots of fun to be around. I have seen him since, but will always remember him from the visit in my home. A wonderful guest, and a fantastic person.

My most heartfelt condolences go out to your family. I know you don't know me, but know that I considered Mike a friend and will miss him.

all my best,

“ Dear Black Family,
I was stunned to learn of Michael's passing. We used to play together as children when you lived on Magnolia Drive. Mikey looks like I remember him! He was a couple of years older than me. There were many happy memories.

Mikey used to laugh whenever I ate Lemonheads he threw down for me. He was always so full of life. I also remember he was yelled at a lot! You know how we babies of the family are! We were always into something. I have health issues that make it difficult to leave the house very often. I wanted to be there for each and every single one of you, but physically it was not possible. I wish you hugs and comfort in this time of sadness.

Sincerely,

Kim###imported-begin##Kimberly Hall###imported-end##

“ *My heart breaks for you all. We lost our first son to a tragic event so I know all too well the type of grief you are going through. I am very sorry for your loss of a son, brother, and friend. Cling tightly to one another being that family is one of the best things that pulled us through our ordeal. If you all need anything at all please let me know.*

*"God grant me the serenity
to accept the things I cannot change;
courage to change the things I can;
and wisdom to know the difference.*

*Living one day at a time;
Enjoying one moment at a time;
Accepting hardships as the pathway to peace; Taking, as He did,
this sinful world as it is, not as I would have it;
Trusting that He will make all things right if I surrender to His Will;
That I may be reasonably happy in this life and supremely happy
with Him*

Forever in the next.

Amen.##imported-begin##Brian Katowitz##imported-end##
