“ *Anne was my physiology instructor at ISUE when it was still at Centennial School ('68). She was a great teacher and caring person. As a biology major, I had many classes with Mike and Anne. They cared for their students and made them want to succeed. I have many good memories of visiting with them at their home and enjoying Mike's punch. It was around that time that the twins were born. It has been a few years ago, but I saw her at Target and we spent time catching up. Lots of good memories.*

“ I worked with Anne at Deaconess Midtown for several years. She wanted to keep updated with all the new clinical practices in nursing so that she could teach the nursing students how to carry out their care to patients in the hospital setting. I am sure she took that knowledge to her classroom at USI. Such a nice and relatable person too.

Oh she was a Peach! She was my professor back in the late 90's. I worked for her grading papers! She told me to go into Respiratory Therapy and not X-Ray tech. So she set me up to volunteer in both disciplines and she was right! I loved her and her husband, I called him Dr. Mr. Dinner...my prayers are with all of you and you now have two shining angels in heaven who are still, always by your side! Much love and healing light!

There is always one person (a couple in this case) with whom you share so much joy. The Denners were there for us. We have had so many moments of laughter when we were together all those years in Evansville! Prayers of love and peace for Michael, Mark and their families!

Michael, Mark and families, I'm so sorry for your loss! Anne was a professor of mine when I was in the ISUE Dental Hygiene program, 76-78. She was a fabulous teacher and I have fond memories of Anne as my Anatomy and Physiology professor and later as my colleague. Anne had such a wonderful way of explaining her lessons. She and Dr. Denner both had a great sense of humor and they were fun to be around. Michael and Mark, sending prayers for comfort and peace to you and your families during this difficult time!

Anne was my dad's sister and loving aunt. She never forgot a birthday and emailed often. She loved my children very much and couldn't wait to have her own grandchildren. She kept the family together and did an amazing family tree/report on the Greer's and Marks families. She even went to our hometown in Germany by train, bus, taxi, and walked the remaining distance. I have fond memories of the twins and family gatherings. I miss her! She was kind and loving and a great aunt.
