“ Pam, Dan Custer and I were the 'middle cluster' of sixth grade teachers who moved into the brand new Middle School (Jr Hi). She taught math, Dan taught science and I taught history, each also teaching Reading, English, Spelling to our own classes. Pam was our 'go to' person when we were seeking help with computer problems, new programs, and instruction ideas. She was ALWAYS full of love and joy not only with all her students but also with team members. She will always remain in my heart as a dear friend.
