“ I have taken my phone out of my pocket so many times today to call Becky to see if she wants to go on a ride to get a Coke!! Each time, I have to stop myself from pressing her name because I realize she won't answer. Becky and I enjoyed long rides to no where even before she got sick but we continued even after that. This world is not a better place with her not in it, BUT HEAVEN has truly gained an angel. Becky you were loved more than you will ever know!

I am heartbroken to hear of Becky's passing. I worked with her in CCU at Deaconess. She lightened the room. I can hear her laughter. She was an amazing cardiac nurse, mentor and teacher! We all will miss her.

I had just heard of Becky's passing and wanted all you to know how much I loved working with Becky. She was so kind and fun! I always hoped she was going to be there when I worked.. Her laugh was amazing and contagious! I remember how she was always talking about how much she loved you all. She threw me a baby shower when I worked with her on 2900 at Deaconess. Becky was always such an amazing mentor to me. She has touched so many lives over the years and will be missed my many! Please know that you all will be in my heart and prayers.
