“ *Rick was a very special man and he will be missed by all that knew him. We worked together at ICI at GE and later Sabic and went through some tough jobs that at first seemed impossible to meet the schedule but Rick always came through and met the schedule. Rick enjoyed life to the fullest.*

“ Donna and family please accept my deepest sympathy. I thought of Rick as one of my best childhood friends. His mother drove past our house and picked me up for school in first grade. (Only after Jan called my mom and asked her to tell me it was okay to get in that big Cadillac! I had refused to get in the car when she stopped and asked me.) We trick or treated together, went through Tekoppel and then Reitz. We talked about college or trade school, and his home on the hill was a safe place for me to stop. He liked the big hunk of junk car my dad had on our carport that he was replacing the engine in. Although we have not seen each other much as we got older, I know your Rick was one of the best people I've ever known. My heart breaks for you. I have cried thinking of him being gone and I am so sorry for your loss.

“ *Rick Effinger may have been known as "Big", but his spirit, love, and legacy were even bigger. His willingness to help others in any way, his humor, work ethic and his greatest love- his love for his family and friends (followed closely by his fondness for his 55 Chevy) will never be forgotten.*

*Rick helped me tremendously when I came to work for Fluor. We had some real fun times at work and playing golf together for the last several years. He always said he had a wonderful family. I will miss him dearly. My prayers go out to the family.
See ya later my good friend
