“ Jack (aka Jake) was one of the most hard working, authentic men I've ever known. I met him many years ago when he worked at a job in Vincennes I was also working. Years later he came to work for Southwestern Sprinkler where I also worked and we became buddies. We'd discuss family because he loved his family something fierce. We'd discuss politics and fix all the world problems, in our alternate reality. He and my husband would fish and trade expertise. He helped build our dock and install our gas stove, while hubby helped him on carpentry projects. Lovely dinners out and Apples to Apples with he and Connie, times we had hoped to have more in the future. It's hard to imagine a world without Jack. My heart goes out to Connie, Sam & Kaden and all those who loved him. He was a very special man.

“ Jake will be truly missed.I've know Jake for many years and he taught me alot while we worked together in the sprinkler trade. I always enjoyed hearing his stories of years past. I all so remember the good times we had at the machine gun shoot,camping and sitting around the fire at night telling stories for hours.I feel honored to have known him and glad I got to see him and talk to him about old times just before he passed.He was a good person and a good friend .when it comes to sprinkler knowledge and attitude about life he was the real "H.M.I.C".Word cant describe how much I will miss him.
