“ Shirley wa a very beautiful and classy lady! I had the privledge of working with her at Welborn and she was the best nurse in the hospital. There were many people who died in her loving arms instead of dying alone. We became very good friends and she was one person I knew who truly loved me. She loved and always spoke of her beloved family especially Jordan her grandson. She always loved a good laugh . She was always there for her friends and family even when her heart was breaking from missing loved ones who had passed. It comforts me to know she is reunited wrth her beloved husband, son and her friend Sue.

All my love
