“ I knew Steve from when he worked at Alvey Scott and I worked at
International Harvester Trucks on Illinois street. Later when I worked
at Whayne Supply, he picked up for Brake Supply. We had
numerous discussions over the years and I enjoyed our
conversations. I always thought he was a "righteous dude". He and I
were in the same vocation, and lots in common. I pray for his family
and loved ones. "PAX TECUM, Steve! Larry Adams

WE

“ I have known Steve several years and shared many laughs and memories along the way. Most of them in the Nut Club at meetings and on the golf course as he was my partner in the golf league for the past 4 years. I will always remember his toughness and courage towards the end of his life. You would never know Steve was hurting or suffering as he never complained . I will miss him.

“ I will always treasure the many games of Clabber shared with Steve (34years of Nut Club Meetings, Plus 10 or more Super Bowl Parties an estimated 12,000 games) When I was his partner I liked seeing that slight smile on his face when we slamed our opponents with a set. We did that many times together great fun.....Most resent we were able to share the game of golf together 2 or 3 games a week for the last 10 months or so. . He never let up always performing a competitive score. The most memorable time I had was the previledge of a trip to Florida this past December with a few of his other friends where we enjoyed Golf, Cards and Relaxation together.

His lose is like loosing a brother to me!

Sincerely
