“ *I haven't seen Tom in a year, but he retired from ORG Chem Group where I work. I didn't know him from work though, but met him 17 years ago through a friend. One of my memories of Tom is, several of his friends and I one year went to that little island that was in the Ohio. Right when we got there, Tom was getting the boat anchored down and slipped and ripped open his palm pretty bad, but it didn't seem to bother him much. He was his happy self the whole day with a ripped open palm. Tom will be truly missed by me and his many, many friends.*
