“ *Bill was like an older brother to us, getting us interested in boating and love of the Ohio River, and taught us everything we needed to know about it...we have so many great memories spent with him, Myra and the rest of their families, and always made us feel like a part of their family...our hearts are broken but we know he would tell us to chill and it will be alright...you will be missed "Wild Bill from Evansville " more than you will ever know...we love you and will miss you until we meet again in that big body of water in eternity....Michael and Tracey Henderson*
