“ *Sorry for your loss, Al has been a good friend for over 50 years. We met through amateur radio in the 60's. Once when he was putting up the tower at his home I helped with the project. After placing the 80 foot section I came down and told Al my friendship stopped at 80 feet. We all had a good laugh and one of his children went up for the next section.*

*Thanks for the memories.....*
